

Rockwood

Artistry in bespoke bottle creation

Glass bottle
design process

The most important step was establishing contact. Thank you!

Now that you've found us, let's work together to create your custom-bottle **design brief**.

But first, a few words about what Rockwood has to offer...

Ranked in the top 5 bespoke glass bottle manufacturers globally

Why choose Rockwood?

- **In-house custom design** of bottles, corks & closures, labels, and **gift packaging**.
- **Production** of premium quality **glass** & **ceramic** bottles in any shape or size.
- **State-of-the art factories** located in an Economic Processing Zone for the benefit of our clients.
- **Private label creation:** There are **8 tailored services** available to you.
- Our bottles are **shipped to over 100 countries**
- Top clients include **Diageo, Bacardi, E&J Gallo, Tequila Komos, Stoli Group, Carlsberg, Kronenbourg, and Costco.**

The team in charge of your custom bottle project:

❖ **William Volkoff:** Rockwood's Art Director.

❑ He will oversee your bespoke bottle design.

❑ If you come to us with a bottle design that is ready for production, William will conduct a feasibility check. He will then assign the completed design to a **Product Manager** (PM). The PM will communicate with the **Engineering Division** for the mold & production process.

❑ If you would like **Rockwood's experienced bottle designers to create an exceptional bottle for you**, William will assign your brief to **Cecile, Gene, or David**.

The team in charge of your custom bottle project:

❖ Product Managers

- ❑ Are we designing the bottle for you? Once you are happy with the custom bottle design in 3D, a **Product Manager** will be assigned to your project.
- ❑ The PM will explain the mold production & approval process to you.
- ❑ Happy with the mold? Your PM will **post a sample bottle to you...wherever you are in the world!**
- ❑ You get to **see, feel, and test your tailor-made bottle** before giving us the green light for production.

There are things that William and our creative design team would love to know...

Fill us in on your ideas and they'll get started today!

Your brief should include:

- ❖ What **story** would you like your bespoke bottle to tell about your product & brand?
 - ❑ Consider descriptive elements such as: Elegant, refined, unique, vintage, eccentric, powerful, minimalist, ornate, classic, sustainable...
 - ❑ Remember that packaging is a brand's most important point of contact & attraction.

Your brief should include:

- ❖ Who is your **target audience**? What best describes your preferred end-consumer? Do you know their demographics? Lifestyle? What are they looking for in a drink or bottle?

Your brief should include:

❖ Do you already have some **bottle design ideas**?

You can send us Pinterest boards, photos, sketches, notes, or scribbles...

Decorative options include:

- Serigraphy
- Silk-screening
- Engraving
- Spray painting
- Sandblasting
- Accessories
- Embossing and debossing
- Frosting

Glass bottles can also be hand-painted or hand-finished to add a layer of craftsmanship to the final product.

Your brief should include:

❖ Have you thought of which type of **cap/closure** you prefer?
Or will you leave it to us to find the optimal solution?

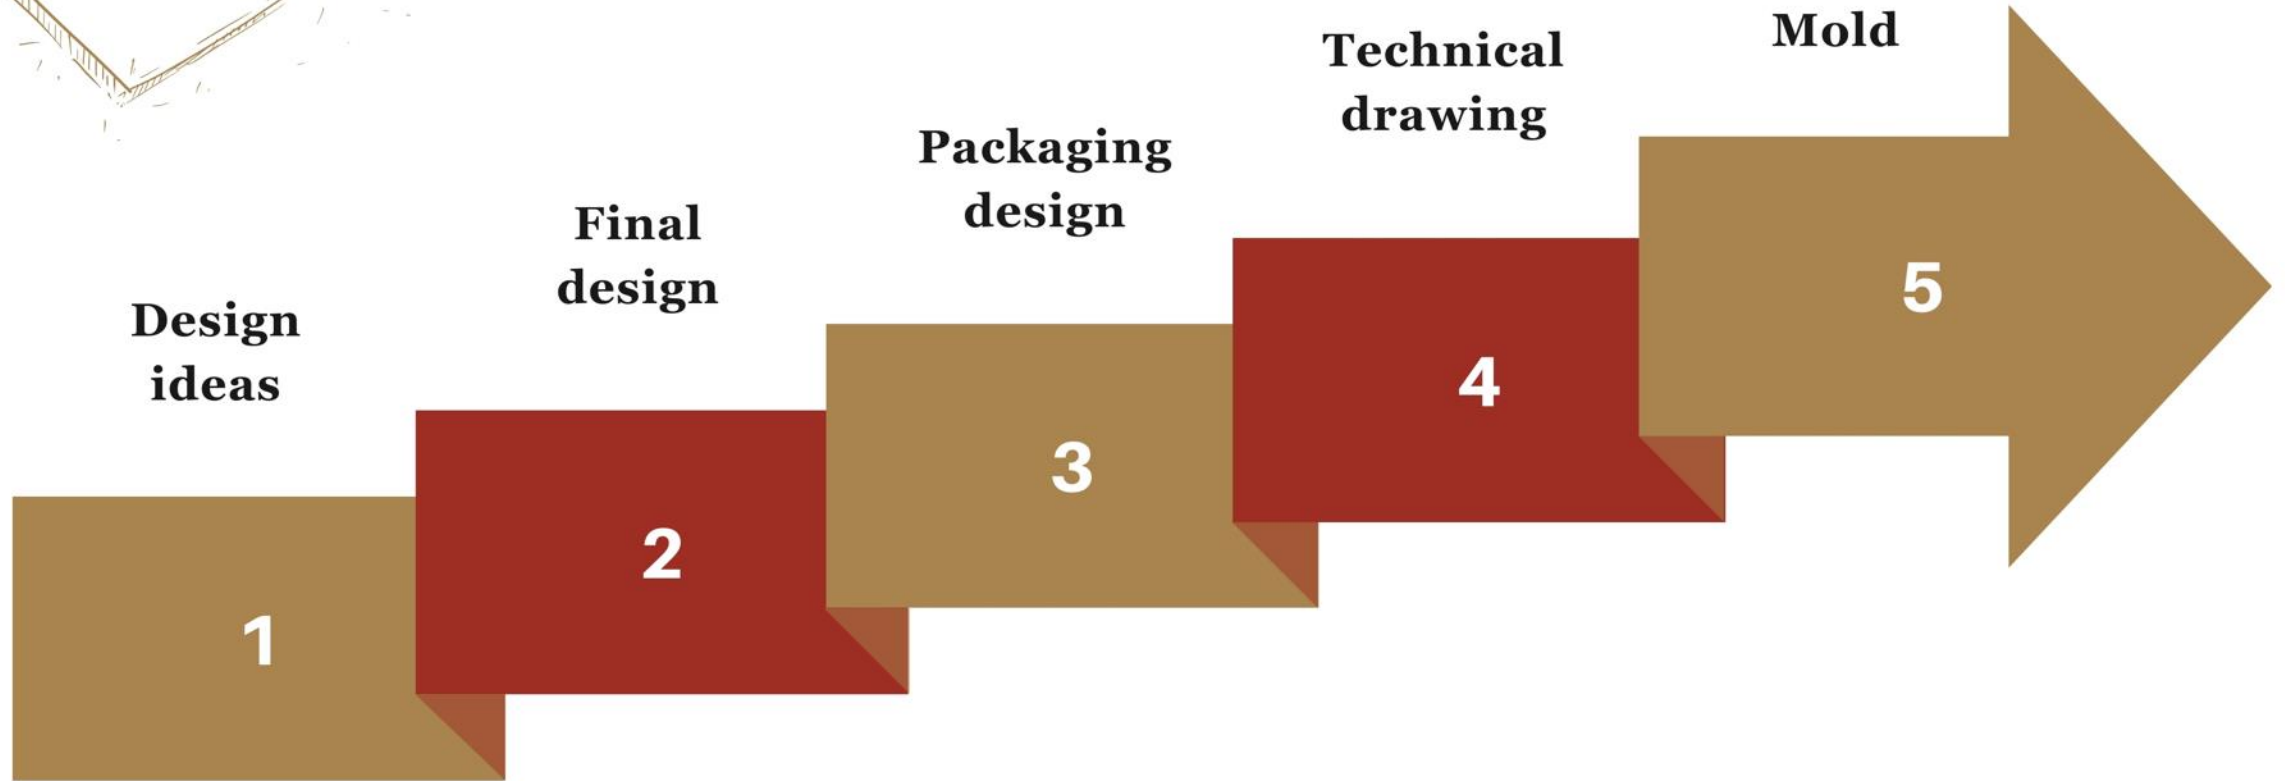

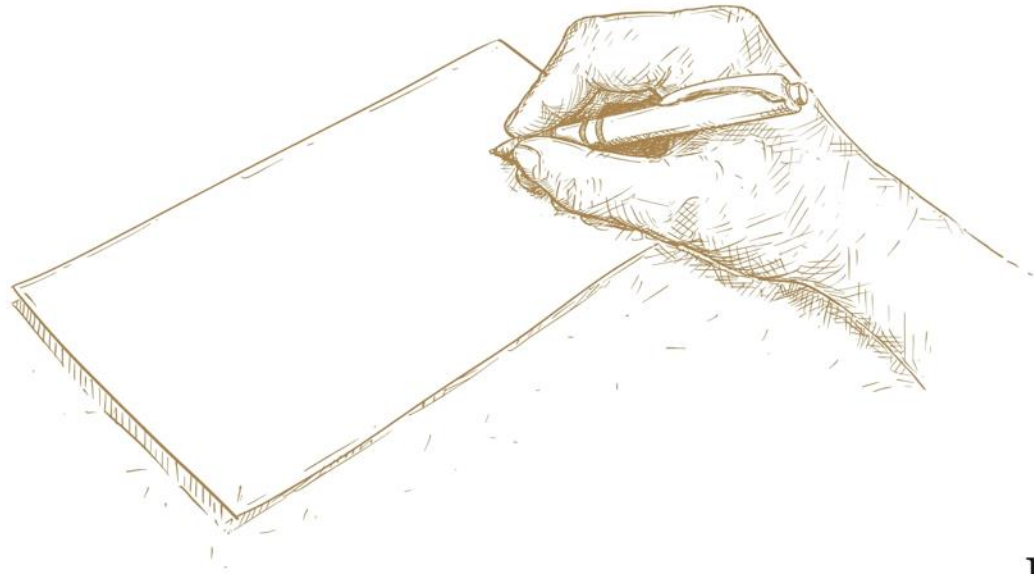

□ Options include:

- Minimalist statements
- Eccentric designs
- Decorated with embossed, debossed, or printed forms
- For the actual shank (cork) material, you can choose between natural cork, synthetic, and micro-agglomerate.

Hot off the production line!

- ❖ We examine the first samples produced from your bespoke bottle molds.
- ❖ And look forward to your approval for mass production!

Your tailored glass bottles are produced in Rockwood's French-owned manufacturing plants in China.

- ❖ We have a Shanghai-based cross-disciplinary team that covers all areas of the project management and production processes.
- ❖ The team includes customer relations representatives who will help your vision materialize following close-knit communication and expert advice.
- ❖ As well as creative designers, marketing experts, quality assurance managers, glass specialists, French engineers and technicians, and Henri Berthe, Rockwood's hands-on Founder & CEO.
